Dear Sir. A question suggested by the Prophecy of Rev William Miller. has been proposed for discussion before the Adelpic Union Library Association, and I am desirous of obtaining some facts in relation to the previous prophecies upon the same subject, and remembering that in a sermon delivered by you in opposition to the Theory of Mr Miller - you alluded to several instances where individuals had predicted the destruction of the world at a certain date, and the effect such predictions - and their non fulfilment produced upon the multitude -

My object in thus addressing you is to beg of you the favor of your allowing me to look at those facts if you have them in manuscript, or if not convenient thus to accommodate me - will you be so kind as to refer ^{me} to the work in which they are recorded -

If Sir You could aid me in this. I shall feel myself under great obligations for which I trust I shall always ~~be~~ ^{be} grateful.

I remain with much respect
Yours

William C. Nell
